# Welcome!

**Soar Valley Dental Practice offers a full range of dental services for you and your family and aims to achieve the highest standards possible.**

**The services we can provide include:**

- Hygiene and preventive advice from our hygienist
- Routine restorations
- Crowns, bridges and veneers
- Gum treatments
- Dentures
- Routine dental health checks.

Providing regular dental advice to help you take care of your teeth and gums may reduce the amount of dental treatment you need.

“ I have to admit I used to hate going to the dentist, but having a practice in the village, on our doorstep, and receiving such friendly, professional and efficient service makes it almost a pleasure to come.”

## New patients

**We provide private care for adults, and NHS care for adults with an exemption. Children are cared for on an NHS basis.**

Further information about the fees we charge and the practice's private Dental Plan are available from reception or our website [www.soarvalleydental.com](http://www.soarvalleydental.com).

If you wish to register with the practice, please contact our receptionist, who will make an appointment for a new patient dental check.

## Charges

**Any treatment offered (either NHS or private) will be estimated, discussed and agreed with you in advance.**

Private patients can choose to join our Private Dental Plan. Membership enables you to spread the cost of your routine dental care. Ask at reception for a leaflet giving more details.

Charges for common procedures are dependent on the surgery time needed and materials used throughout treatment. Payments can be made by cash, cheque or credit card.

**We have found that the best way to grow our practice is to ask our satisfied patients to recommend us to their family, friends and colleagues.**

So, if you are happy with our service and know of someone who may benefit from visiting us, please pass on our details, we would love to see them.

Thank you
